

## CASE STUDY

# Education Service - SATs Tutoring

## INTRODUCTION

Ubique Training Academy are providing a bespoke SATs tutoring service to Upper Key Stage 2 children. Our highly experienced tutor delivers weekly sessions that build up a child's confidence and curriculum knowledge to tackle the SATs exam using up-to-date and relevant curriculum tools

## OBJECTIVE

The tutoring sessions aim to prepare the children's knowledge in English and Maths to improve confidence. Each week focuses on developing exam-based skills and an understanding of exam etiquette. Whilst encouraging children to practice for their SATs regularly as part of their revision.

## SOLUTION

Ubique Training Academy delivers individualised one-to-one sessions based on each child's current ability. After an initial assessment establishing a baseline, a programme of work is planned which is tracked, monitored, and reported to parents.

### English

The English tutor is skilled in unlocking the joys of reading and writing. They are:

- Trained in mentoring children to overcome challenges and reach new levels in Reading, Grammar, and Writing.
- Skilled at explaining reading and writing strategies in fun and memorable ways.
- Supportive and able to help a child to develop a 'can-do' attitude and growth mindset.

### Mathematics

Everyone has different capabilities and learning habits, and we help every child find their path and go beyond what they thought was possible.

Our tutor brings maths to life. They are:

- Trained in mentoring children to overcome challenges and reach new levels in maths.
- Skilled at explaining maths strategies in fun and memorable ways.

## AT A GLANCE

### Challenges

- Pupils' differing needs and abilities.
- Time constraints.
- Pupils' engagement levels.

### Benefits

- Uses unique adaptive curriculum tools to meet a child's individual learning needs.
- Presents the opportunity for children to practice, revise, and boost their confidence.
- Provides access to SATs practice papers and quizzes.
- Mapped to the National Curriculum.
- Progress tracked and reviewed.

"My child has been attending the SATs Tutoring sessions for a number of months now. It has been wonderful to watch her confidence and knowledge grow over the weeks.

The sessions are bespoke to her needs which enables her to make accelerated progress and this has shown in her recent school assessments. My child has said that although she has been taught the concepts at school by coming to these sessions she now feels like she fully understands them and is able to apply them on a daily basis "

Julia, Parent
